Under IIT BOMBAY Spoken Tutorial Programme, Google Hangouts Meet session was done today with 4th semester CSE students in which 45 students attended the session.They were briefed on how to download the study material for JAVA shared with them. Since Java is in their academic curriculum this material will help in enhancing their knowledge. Students were informed about the conduction of certification test of the same at the end of the semester. They were also apprised that C and advanced C certification which is pending for few students will be done immediately on reopening of college. The study material for the same has also been provided. Similar session for other semesters, faculty members and technical staff of the department will be taken up . The link for the

New Activity

Chaahat is with **Salim Qureshi**.

Under IIT Bombay Spoken Tutorial Programme, Google Hangouts Meet session was done today with 2nd semester CSE students in which more than 30 students attended the session. They were guided and motivated by Salim Sir and myself on the importance of these certifications. Students were also briefed on how to download the study material for their upcoming C certification as it has already been covered in their academics. We also had 8th semester CSE students Zuha, Akshita and Joyjit in the session to give some important tips to the students and share their experiences on studying the various languages seriously and then undergoing certifications. Later on doubts from students were also taken
